The Chief Signal & Telecom Engineer,
South Central Railway,
Secunderabad.

The Chief Signal & Telecom Engineer,
Central Railway,
Mumbai.

Sub: Video Conferencing facility at IRIEEN and IRISSET.

Video Telephony is available at Railway Board as well as with CSTE's and CEE's of the zonal Railways. Video Telephony is a very useful service as it allows real time one-to-one communication with video.

It is desired that a video telephony/conferencing end point be provided in the conference/committee room of IRIEEN as well as IRISSET so that senior officers from Railways & Board can interact with address the trainees. It is expected that such interactions will be extremely beneficial to the trainees.

Railways may therefore arrange to provide this facility under the powers to the General Manager of the Railways.
